will of his Sarsaparilla business, including machinery and raw material on hand, for the large sum of \$100,000.— This is an illustration of the advantages and benefits of advertising. The purchasers are Messrs. Nostrand & Bach, both wealthy and well known individuals. They have, we understand, employed the celebrated Chemist, Dr. James R. Chilton, who will hereafter have the compounding department under his own immediate supervision. They are men of enterprise, and will, no doubt, sustain the character of this celebrated medicine, which has the reputation of being the best preparation of Sarsaparilla made in the United States. The new proprietors, we understand, warrant their article to stand in all climates any length of time, which we have no stand in all climates any length of time, which we have no doubt of, when manufactured by so practical a chemist as Professor Chilton, who is well known to be one of the first chemists in this country.

The public are hereby notified that the preparation extensively known as Dr. S. P. TOWNSEND'S COMPOUND EXTRACT from them their greatest medicinal effects.

A vast trial of its virtues throughout this broad country, has proven beyond a doubt that no medicine or combination of medicines yet known can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year.
